

# The Beechwood School

## Class 2

### April Newsletter

It is April, spring is in the air.

Roar! This month is all about dinosaurs. All of our learning and exploring will be centered around dino's. Many of our creations will be out for display in the classroom all month long. We will be having an art show the week of the 22nd where parents and guests can come see our art. But the Dino fun doesn't stop there. Our funday is Friday, April 26th this month, it is dino themed, and we are planning something special for that day, (More info to follow).

We like to thank everyone for their continued cooperation with Star Student. The children are just loving it and can not wait for their turn. As always, continue to check class dojo for important information and if you have any questions or concerns we are always available, so feel free to reach out on dojo or email.

Thank you,  
Ms. Sloma and Miss Colleen
